

COMMUNICATED.

To the Editor of the British Packet.

Sir, Having observed in your paper of last week a statement that an English lad had fled from Scarlati, I had been refused admittance into the British Hospital, and...

Buenos Aires, June 5th 1855.

To the Editor of the British Packet.

Dear Sir I trust you will excuse me for encroaching upon your space and time, in addressing a few lines to you: I might certainly have addressed them at once to the gentlemen at the head of the communication...

By doing at 4 o'clock instead of 3, clerks would be one hour later in the office. At present the clerks are not in the office at 3, and do not enter at halfpast 4. I can assure you, and I speak from experience, that very little clerical business is done at all events...

I will endeavour to point out the evils arising from the late closing system. The clerk, who is not in the office until 4 o'clock, upon generally, as a hard-working, industrious and well educated man, but as a mere clerk, is not so well adapted to attend his duties...

As I can talk some Spanish, I know it is not a matter of course that I should be so highly amenable and agreeable to all the requests of my brother clerks for the aforesaid reason.

I think I need not add sufficient to induce you to send your powerful pen in our behalf. I am, Sir, your obedient servant.

A. CLERK.

'THE ROAD TO HEALTH'. HOLLOWAY'S PILLS. One of a thousand cures and testimonials.

Copy of a Letter from H. W. Fryer, Esq., Chemist, Liverpool, dated 6th June, 1851.

To Pains in the Head and Stomach have attended the highest on our sale list of Proprietary Pills for some years. A customer, to whom I have many signatures, desires you to let you see the particulars of her case. She had been troubled for years with a disordered liver, and had digestion. On the last occasion, however, the violence of her attack was so alarming, and the inflammation so intense, that she could not get any relief, and she was obliged to be put up under it; fortunately she was induced to take your Pills, and she felt the effect of them almost at each succeeding dose, and had great relief.

She continued to take them, and although she felt some relief, she was not able to get on in the enjoyment of perfect health. I could have sworn you away more than the other, from the benefit of the pills, and the speedy cure, I think, speaks much in favor of your celebrated Pills. H. W. Fryer, Esq., Chemist, Liverpool.

ST. ANTHONY'S CURE OF RHEUMATIC PAIN. BY A MEMBER OF THE FACULTY OF MEDICINE IN THE HOLY LAND. Copy of a Letter written in the Holborn Tavern, of the 1st March, 1851, by Major J. Welch.

My dear Sir, I am a native of New York, but have been residing for a long time in London, and I have been afflicted with Rheumatism, and I have been suffering from it for many years. I have tried every remedy which has been recommended to me, but I have not been able to get any relief. I have been told that your Pills were a good remedy, and I have tried them, and I have been cured.

From Messrs. Thos & Son, Proprietors of the Celebrated Pills, who can be procured for following statement.—August 2nd, 1851.

To His Excellency HOLLOWAY. Sir, I desire to bear testimony to the good effects of Holloway's Pills. For some years I suffered severely from a pain and tightness in the stomach, which was also accompanied by a soreness of the bowels, and I have been obliged to use your Pills, and I have been cured.
